Welcome Aboard

Please join us in welcoming Josh Lyman as the Reclamation Clubhouse Program Director! Josh comes to us as a former Program Officer for the Corporation for National and Community Service, a federal agency that provides non-profits and public institutions with the administrative funds necessary to support volunteer programs, such as Senior Companion Program, Foster Grandparent Program and RSVP. In that role, Josh oversaw the efficient and effective use of over \$2 million dollars in federal grant funds administered each year for over 50 agencies across Kansas and Missouri. Prior to that, Josh has 20 years of experience working with people that live with mental illness and their loved ones, both directly and also through volunteer programs such as Senior Companion Program, Schizophrenic's Anonymous and Compeer International. You can welcome Josh via email: jlyman@pathwaytohope.org.

Lottery Vending Machines Help Clubhouse

“The Kansas Lottery is excited to join the majority of other states offering the convenience of selling lottery products through self-service vending machines,” said Stephen Durrell, the lottery’s acting executive director.

The Kansas Lottery has recently rolled out the first of 272 vending machines it plans to put in stores with high-volume sales and lots of foot traffic. The bill authorizing the vending machines provides that up to \$8 million of the profits will go toward mental health services starting in fiscal year 2020, which begins July 1. It’s been estimated that the machines could increase sales by up to \$100 million.

The lottery is placing vending machines at four locations in Topeka, and plans to install the others at select locations across the state next month. The state has about 1,700 lottery retailers.

The first pilot program locations are at the Topeka businesses listed below, with more expected across the state:

Gage Center Bowl, 4200 SW Huntoon Street, Topeka; John’s Food Center, 5812 SW Topeka Blvd, Topeka; Kansas Lottery Headquarters, 128 N. Kansas Ave, Topeka; West Ridge Lanes, 1935 SW Westport Drive, Topeka.

The lottery also is working on plans to take ticket sales online, but that will need to be approved by the Legislature.

Thank you to Brad Cooper, Sunflower Journal, for reporting on this important and exciting information.
