Tips & Tricks

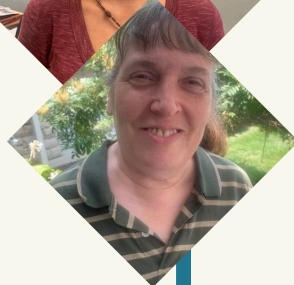

Getting ready to look for a new job? Remember the first impression you make with a prospective employer is the most important one. Here are a few tips to prep for that first meeting:

- ☑ Make sure that you are dressed in proper clothing, and shoes for the job you are doing.
- ☑ Make sure that your clothes are clean and set out the night before so you are ready for the day.
- ☑ Make sure that you have hygiene supplies, and that you have showered and put on deodorant prior to work.
- ☑ Make sure that you get a good night's rest, and practice good sleep hygiene. Examples: do not use your phone before bed, do not have TV on in your room. Make sure you sleep in a clean dark environment.
- ☑ Make sure that you have secured transportation prior to going to work.
 - ☑ Show up to the job interview on time.
 - ☑ Listen to the supervisor and answer questions clearly and concisely.
- ☑ Turn off your cell phones and use them only on breaks once you start working.
 - ☑ Have fun and relax.

If you're looking for more tips, let me know. I can help you land the job you've always wanted.

WOMEN'S EQUALITY DAY

August 26, 2024 marks the ratification of the 19th Amendment to the U.S. Constitution (1920), granting women the right to vote. Tennessee state legislator Harry T. Burn. Kansas gave women the right to vote in 1912.

The country's 26 million voting-age women were enfranchised by this change in the Constitution. Upon ratification, longtime advocate Carrie Chapman Catt founded the League of Women Voters, an organization now dedicated to providing impartial, in-depth information about candidates, platforms, and ballot issues.
